

K-Love Radio has been and still is the only station that me and my family listen to. I believe that it helps spread the good news of JESUS that some people would never hear without these wonderful people on K-Love. I hope and pray that it will always be there for everyone that needs to hear the positive and encouraging message including me and my family. 88.1 is the station in our area and thank you very much for listening to my comment and GOD bless you.
